II. IOC tools and information

Presentation X

The IOC distributes contractual requirements and educational information that can be described as follows:

	OLYMPIC CHARTER	
	The Olympic Charter represents the permanent fundamental reference document for all parties of the Olympic Movement and it governs the organisation action and operation of the Olympic Movement and stipulates the conditions for the celebration of the Youth Olympic Games.	
	YOG HOST CITY CONTRACT	
	The YOG Host City Contract sets out the legal, commercial and financial rights and obligations of the IOC, the Host City and the NOC of the Host Country in relation to the Youth Olympic Games (it is therefore different from Games to Games). In case of conflict between provisions of the YOG Host City Contract and the Olympic Charter, the YOG Host City Contract shall take precedence.	
MASTER SCHEDULE	YOG EVENT MANUAL	YOUTH OLYMPIC GAMES KNOWLEDGE MANAGEMENT
All planning requirements (deliverables and milestones) are outlined in the YOG Master Schedule, which will be provided by the IOC to the YOGOC upon its formation. The YOG Master Schedule will be used by the IOC and YOGOC to monitor the progress of the YOGOC and preparation of the YOG.	The YOG Event Manual contains principles and technical obligations on specific subjects (functions) related to the organisation of the Youth Olympic Games. The YOG Event Manual is an annex to the YOG Host City Contract and therefore contains contractual obligations.	Information from the IOC's Olympic Youth Games Knowledge Management (YOGKM) Programme is found on a specific extranet (http://extranet.olympic.org), which contains reports, examples and data from previous Games experiences. More information on this Programme is available through the IOC.
	GUIDELINES AND POLICIES	
	The IOC produces a series of Guidelines, Policies and Procedures which are referenced throughout this manual.	

YOG Event Manual – evolution of content

The host city, the host NOC, and the Youth Olympic Games Organising Committee (YOGOC) should recognise that, while the content of the YOG Event Manual represents the current position of the IOC on the matters included, its content may evolve.

The IOC reserves the right to amend this document and it is the responsibility of the host city, the host NOC and the YOGOC to adapt to such amendments so that the YOG are organised in the best possible manner.

YOG Event Manual

The Youth Olympic Games Event Manual („YOG Event Manual“) contains the main requirements for planning, organisation and staging of the Youth Olympic Games (YOG). It must be read in combination with the Olympic Charter and the YOG Host City Contract.

Knowledge Management

Fulfilling its role as a coordinator and facilitator in the transfer of information from one organising committee to the next, with the objectives of avoiding the “re-invention of the wheel” and reducing the overall risk of staging a Games, the IOC initiated the Olympic Games Knowledge Management (OGKM) Programme. This programme features extensive educational material and service offers for organising committees, as well as support processes such as the Games Debriefing. The YOG Event Manual is an integral part of this approach and further elements of knowledge transfer will be collected and added to the programme over time.

III. IOC philosophy on sustainable development

Definition *“Sustainable development satisfies the needs of the present generation without compromising the chance for future generations to satisfy theirs.”*

From *Our Common Future*, the report of the Brundtland Commission of the UN World Commission on Environment and Development (4 August 1987).

Olympic Charter Rule 2, articles 13 and 14 *“The IOC’s role is: to encourage and support a responsible concern for environmental issues, to promote sustainable development in sport and to require that the Olympic Games are held accordingly; to promote a positive legacy from the Olympic Games to host cities and host countries”*

Today the concept of sustainable development is widely known. The three principal spheres of environment, social-cultural and economic cover a multitude of activities of which the practice of sporting activities and the staging of sporting events are included

In varying degrees, whether it is direct, whilst practicing a sporting activity, or indirect via the equipment and products used, every physical activity has an impact on its environment. The hosting of sporting events, no matter the size of the event, can provoke negative effects on the location in which it occurs. Each individual, each sporting club, each organisation can and should have a responsible attitude in regards to minimising these impacts. It is for this reason the International Olympic Committee actively advocates sustainable development and has adopted in 1999 its Olympic Movement’s Agenda 21.

The concept of sustainable development clearly impacts all aspects of Games planning and operations. When integrated early in the planning stages of a Candidate City and subsequent Host City, the multitude of opportunities that hosting the Youth Olympic Games can potentially bring to a Host City will be maximised and will form the foundation of a positive and durable Olympic legacy.

Responsibility towards and respect of the sustainable development guiding principles by the Host City, the Organising Committee and its multitude of external partners is therefore very important to the successful staging of the Youth Olympic Games. With long-term strategic planning, involvement from all members of the community, in particular the youth, and shared long-term objectives the Youth Olympic Games can be optimised in order to respond, not only to the requirements needed to host the Games, but also to the needs and expectations of the Host City’s current and future generations.

The dissemination and visible implementation of the sustainable development concept amongst the participants of the Youth Olympic Games has the capacity to form a strong element of the Host City’s legacy. Being consciously aware of the implications of sustainable development and being involved in its implementation in the lead-up to and throughout the Youth Olympic Games will no doubt have a lasting effect on the participants’ future personal and professional decisions and choices.

Today, environment stands alongside sport and culture as a fundamental dimension of Olympism. This is a strong message to all that the IOC and the Olympic Movement will do all in their power to ensure a sustainable environmental legacy for tomorrow’s athletes and fans.

V. Glossary

Introduction

The following table lists specific terms and acronyms used in the Candidature Procedure and Questionnaire.

Please note that further Olympic terminology can be found on the IOC's knowledge management extranet.

Term	Definition
Cluster	A number (more than one) of venues and/or facilities in close geographical proximity that do not require a secure perimeter. The operations of the venues/facilities impact on each other and are therefore integrated to the extent necessary.
IF	International Federation
IOC	International Olympic Committee
MMC	Main Media Centre
NOC	National Olympic Committee
OBS	Olympic Broadcasting Services
WADA	World Anti-Doping Agency
YOG	Youth Olympic Games
YOGKM	Youth Olympic Games Knowledge Management
YOGOC	Youth Olympic Games Organising Committee

To describe their concept, Candidate Cities shall use the following terminology:

Stand-alone venue	A site, typically of primary importance, operated by the YOGOC, with a secure perimeter, subject to the exclusive use of the YOGOC, officially used to deliver the Youth Olympic Games.
Precinct	A number (more than one) of venues and/or facilities in close geographical proximity, which have a common secure perimeter. The operations of the venues/facilities impact on each other and are therefore integrated to the extent necessary.
Cluster	A number (more than one) of venue and/or facilities in close geographical proximity, which do not require a common secure perimeter. The operations of the venues/facilities impact on each other and are therefore integrated to the extent necessary.
Zone	Larger geographic area, too large to be considered a cluster, but still with a logical link between venues.

VI. Icons

Use of icons

Specific icons have been used to enhance the readability of the Candidature Procedure and Questionnaire.

These icons represent different information types as described in the following table:

1.1.1 Introduction

YOG Candidature Procedure

The aim of this document is to guide you through the various steps of your candidature until the election of the Host City in June 2013.

The YOG Candidature Procedure outlines what is required of a YOG Candidate City, as well as the procedures, rules and deadlines to be respected. It also contains many useful recommendations and should be considered as essential reading for anyone connected with the preparation and promotion of a candidature for the Youth Olympic Games.

Modifications to the Olympic Charter

YOG Candidate Cities have received a copy of the current edition of the Olympic Charter. It must be noted, however, that the Host City, its NOC and the organising committee will be bound by the Olympic Charter in force on the date of the execution of the Youth Olympic Games Host City Contract.

The IOC will inform the YOG Candidate Cities and their NOCs of the amendments that are made (or to be made) between the current edition of the Olympic Charter and the one to be in force on the date of the execution of the Youth Olympic Games Host City Contract. Additionally, the IOC reserves the right to amend the Olympic Charter with respect to governance of the Olympic Movement, and for such purposes the latest version of the Olympic Charter which is amended from time to time shall prevail, unless the YOGOC proves that such changes have materially adversely affected the financial or other rights or obligations of the YOGOC hereunder.

Prevalence

The YOG Candidature Procedure is subject to the provisions of the Youth Olympic Games Host City Contract and the Olympic Charter. Should there be any conflict between, on the one hand, this document and, on the other hand, the Youth Olympic Games Host City Contract and/or the Olympic Charter, the Youth Olympic Games Host City Contract and/or the Olympic Charter shall prevail.

1.1.5 YOG Candidate City logo and designation

YOG Candidate City logo and designation

YOG Candidate Cities should not create a logo specifically for their bid. They may adopt, for institutional use only (e.g. stationary, letterheads, business cards, video presentations, brochures...), the existing emblem of their city and use it together with the existing emblem of their NOC. (A Youth Olympic Games emblem may be developed after the election of the host city, according to IOC instructions and the YOG DNA brand book)

YOG Candidate Cities may also use, for institutional use only, the designation:
“City [Year] - Candidate City for the Youth Olympic Games”

Candidate Cities may not make any use of the Olympic symbol.

Copyright

In general, all Olympic-related graphic, visual, artistic and intellectual works or creations developed by or on behalf of the Bid Committee, YOG Candidate City or NOC shall be vested in and remain in the full ownership of the IOC.

1.1.6 Submission of the YOG candidature file, guarantees, photographic files, maps and Undertaking

YOG Candidature File

The YOG Candidature File consists of a compilation of a YOG Candidate City's answers to the IOC questionnaire to be found in Part 2 of this document.

The YOG Candidature File, along with the guarantees, photographic files and other documents requested throughout part 2 of this document, is one of the IOC's principal tools in evaluating a candidature and analysing its technical characteristics. The file must therefore accurately reflect the current situation of the city and present its plans in a realistic manner.

The YOG Candidature File must be presented in accordance with the Model YOG Candidature File described in Part 3 of this document.

In order to facilitate the IOC's assessment of replies and to allow for an objective analysis, it is important that the order of questions is respected and that precise and concise answers are given.

Force of obligation

YOG Candidate Cities are reminded that all representations, statements and other commitments contained in the YOG Candidature File have the force of obligations, as do all other commitments made by the YOG Candidate City, the NOC and the Bid Committee during the bid process.

Guarantees

The IOC questionnaire requires YOG Candidate Cities to obtain many guarantees from third parties. The aim of these guarantees is to protect both the YOGOC and IOC after the Host City is elected, and to provide the YOGOC with the best possible framework for the organisation of the Youth Olympic Games. This demanding exercise in the candidature phase will pay dividends in the future for the city which is elected as Host City for the 3rd Summer Youth Olympic Games in 2018.

The Guarantees must be presented in accordance with the Model YOG Guarantees File described in Part 3 of this document.

Undertaking

YOG Candidate Cities shall abide by the terms of the "Undertaking" (a copy of which can be found in Chapter 1.4). Each YOG Candidate City should print a copy of the Undertaking and return it, duly signed by representatives of the Bid Committee, the YOG Candidate City and the NOC, to the IOC with the YOG Candidature File not later than 15 October 2012.

Continued on next page

1.1.6 Submission of the YOG candidature file, guarantees, photographic files, maps and Undertaking, Continued

Delivery of documents to the IOC

By the deadline of 15 October 2012, the following documents must be delivered to the IOC administration (for IOC internal use, members of the IOC Evaluation Commission, IOC Executive Board and the Olympic Museum):

- 50 printed copies of the YOG candidature file (bilingual English/French)
- four printed copies of the photographic files
- three copies of the YOG Guarantees File (originals and two identical copies)
- five printed sets of Map B (theme 1)
- four copies of the additional financial information (theme 5)
- all additional documents requested in the questionnaire

All above-mentioned documents should be sent by post/courier.

Once submitted to the IOC, no changes or additions may be made to the YOG candidature file except (i) on the request of the IOC, or (ii) with the written consent of the IOC.

Authorisation and distribution

After 15 October 2012, YOG Candidate Cities are at liberty to release their candidature files to the public and to the media.

Shortlisted YOG Candidate Cities will be requested to send their candidature files to all IOC members prior to the election of the Host City, according to IOC instructions that will be given in due course.

1.1.7 Analysis of the candidature files

Working Group An IOC working group shall study the YOG candidature files and other documents submitted by the Candidate Cities and prepare a report for the IOC Executive Board. Based on the working group's analysis, the IOC Executive Board shall select a shortlist of YOG Candidate Cities to be further evaluated by the IOC Evaluation Commission.

IOC Evaluation Commission Following the working group's initial analysis, a list of questions will be sent to each city to obtain further information on a number of themes of the questionnaire.

An IOC Evaluation Commission, appointed by the IOC President and representative of the Olympic Movement, will then meet to analyse the additional material submitted and hold a video conference call with each shortlisted YOG Candidate City.

In addition, the IOC Evaluation Commission may decide to visit or send technical experts to the YOG Candidate Cities.

If applicable, the IOC will coordinate such visits to the YOG Candidate Cities and the costs of such visits (travel + accommodation) shall be borne by the IOC. The dates of any visits shall be determined by the IOC, on the basis of logistical and geographical considerations.

The IOC will provide YOG Candidate Cities with visit guidelines. A draft programme of the visits shall be prepared by the YOG Candidate Cities in accordance with these visit guidelines for IOC approval.

1.1.8 Report of the IOC Evaluation Commission

Evaluation Commission report

At the end of the evaluation process, the Evaluation Commission issues a report.

The aim of this report is to assist the IOC in the important decision of electing the Host City and to underline the opportunities and challenges that could be faced in each YOG Candidate City in the years leading up to and including the 2018 Summer Youth Olympic Games.

1.1.9 Recommendation by the IOC Executive Board of finalist YOG Candidate Cities to be submitted to the IOC members for election

Following the submission of the report by the Evaluation Commission, the IOC Executive Board shall draw up the list of finalist YOG Candidate Cities to be submitted to the vote by the IOC members for election as Host City.

1.2 → Rules of conduct applicable to all cities wishing to organise the Youth Olympic Games

Overview

Introduction

YOG Candidate Cities must abide, in all aspects, by all provisions of the “IOC Code of Ethics” and the “Rules of conduct applicable to all cities wishing to organise the Youth Olympic Games”.

This chapter contains the “Rules of conduct applicable to all cities wishing to organise the Youth Olympic Games”. These Rules of Conduct apply to cities wishing to organise the Youth Olympic Games and to their National Olympic Committees (NOCs), as well as any person or organisation acting on their behalf or supporting the candidature.

These Rules are applicable as soon as a city informs its NOC of its wish to organise the Youth Olympic Games.

Rules of conduct applicable to all cities wishing to organise the Youth Olympic Games

PRINCIPLES

The conduct of the cities shall comply strictly with the provisions of the Olympic Charter, the IOC Code of Ethics and its Implementing Provisions. Cities shall also respect the procedure for evaluating the candidature established by the IOC.

These Rules of Conduct apply to cities wishing to organise the Youth Olympic Games and to their National Olympic Committees (NOCs), as well as any person or organisation acting on their behalf or supporting the candidature.

The NOC of the country is responsible for the activities and conduct of the Candidate City.

INTERNET

YOG Candidate Cities may create their own Internet site for informative purposes only. The site may list third parties providing financial support to the candidature, subject to the following conditions:

- A. Cities may list the names of third parties providing financial support to the bid (including donors) on their official website or in their publications provided that such third party is not a competitor in the category of an IOC TOP Partner, another international Olympic sponsor or an NOC sponsor.
- B. Donors being competitors in the category of a TOP Partner, another international Olympic sponsor or an NOC sponsor shall not be authorised to communicate with respect to their donation to the bid or otherwise associate themselves with the bid in any manner whatsoever.

GIFTS

No gifts may be given to or received by Olympic parties. No promise of any kind of advantage may be made. This twofold prohibition shall be respected by the cities and their NOCs as well as by all those acting on behalf of or supporting the candidature.

The same principle applies to the cities' relations with third parties, in particular the media, IFs and organisations recognised by the IOC.

VISITS

There shall be no visits by IOC members and IFs to the cities, nor by the cities to IOC members or IFs.

Continued on next page

Rules of conduct applicable to all cities wishing to organise the Youth Olympic Games, Continued

RELATIONS BETWEEN CITIES

Each city shall, in all circumstances and at all times, respect the other cities as well as the IOC members and the IOC itself.

The cities shall refrain from any act or comment likely to tarnish the image of a rival city or be prejudicial to it. Any comparison with other cities is strictly forbidden.

No agreement, coalition nor collusion between the cities or their NOCs aimed at influencing the result is permitted.

PROMOTION

Throughout the procedure, any promotion of a candidature shall take place with dignity and moderation. Any person or organisation acting on behalf of a city must respect, in particular, the following provisions:

National promotion:

YOG Candidate Cities are permitted to promote their candidature on the occasion of national events held on the territory of their NOC. The territory must be understood in a restrictive manner excluding, in particular, diplomatic representations abroad.

International promotion:

YOG Candidate Cities may not undertake promotion at an international level in any form.

This rule should be understood in the widest sense and should not be subject to interpretation. Making contact with or sending information to IOC members in any way whatsoever for example shall be considered as international promotion in this context and is therefore not authorised.

The city and its NOC are entirely responsible for the application of this article.

INTERPRETATION AND SANCTIONS

All questions concerning the Rules of Conduct and matters concerning their interpretation shall be addressed to the IOC Olympic Games Department – Youth Olympic Games Section.

Minor breaches of the rules will be dealt with by the Olympic Games Department. Further breaches of the rules will be submitted to the IOC Ethics Commission, which will take the necessary measures.

1.3 → Communication and copyright

Communication and copyright

Communication Maintaining objectivity throughout any promotion campaign is essential. Casual promises and unrealistic goals are very quickly seen through and can often damage the image of the candidature and its chances of success.

For this reason, it is important to maintain coherence and harmony between the projects described in the YOG Candidature File and those developed in the promotion campaign.

Copyright The YOG Candidate/Host City, the NOC and the Bid Committee/YOGOC must ensure that YOG-related graphic, visual, artistic and intellectual works or creations developed by them or on their behalf shall be vested in and remain in the full ownership of the IOC.

Cost considerations YOG Candidate Cities must be cost-conscious in their approach to promotion on the national territory. The candidature will be under tough public scrutiny and, whilst all efforts to promote the project will be enthusiastically supported during the candidature, the post-election attitudes of the public, media, sponsors and supporters can be very critical and damaging.

1.4 → Undertaking

Overview

- Introduction** As already mentioned in chapter 1.1, YOG Candidate Cities are required to abide by the terms of the “Undertaking”.
- Each YOG Candidate City should print a copy of the Undertaking which follows and return it to the IOC, duly dated and signed by representatives of the Bid Committee, the city and the NOC, with the YOG Candidature File no later than 15 October 2012.
- Contents** The Undertaking primarily states that, if the YOG Candidate City is elected as Host City, representatives of the city and the NOC will sign the Youth Olympic Games Host City Contract.
- The text of the Undertaking follows.

PART 2 → IOC Questionnaire

Overview

YOG Candidature File

YOG Candidate Cities are required to present their city's blueprint for organising the Youth Olympic Games in the form of the YOG Candidature File.

The structure of such YOG Candidature File shall follow the structure of the questionnaire contained in Part 2 of this document. The YOG Candidature File provides the basis for a technical analysis of a city's project. The facts should therefore be presented in as clear and concise manner as possible.

Fonts

Throughout the questionnaire contained in Part 2, **all questions and guarantees are presented in bold font** and any accompanying explanatory text is presented in regular font.

Guarantees

The IOC questionnaire also requires YOG Candidate Cities to obtain guarantees from third parties. Questions requiring a guarantee are flagged with the following icon in the questionnaire:

Certain guarantees require YOG Candidate Cities to use a standard text provided in the model YOG Guarantees File. These guarantees will be clearly marked as follows:

Standard text provided for this guarantee in the model YOG Guarantees File.

YOG Candidate Cities are also required to provide certain additional documents to the IOC, in various formats specified throughout the questionnaire. Questions requiring an additional document to be submitted are flagged with the following icon in the questionnaire:

Instructions

Precise instructions on how to create the YOG Candidature File, photographic files and YOG Guarantees File, from a presentation and content point of view, can be found in Part 3 of this document. The aim of these instructions is two-fold:

- To save the Bid Committee unnecessary work, effort and expense
- To ensure that the information provided to the IOC can be easily and objectively analysed and compared

YOG Candidate Cities must follow the instructions given in Part 3.

Force of obligation

It is very important to remember that all representations, statements and other commitments contained in the YOG Candidature File are binding in the event that the city in question is elected to host the Youth Olympic Games.

Reference documents X

We remind YOG Candidate Cities that anyone connected with the preparation of a YOG Candidature File must refer to the Olympic Charter, the Youth Olympic Games Host City Contract, the Youth Olympic Games Event Manual and all other documents related to the Youth Olympic Games for further information concerning all themes of the IOC Questionnaire.

The IOC will also provide YOG Candidate Cities with the opportunity to ask questions related to their Candidature Files at a workshop to take place in Lausanne in April 2012.

Commitment

Through its Agenda 21, the Olympic Movement is fully committed to sustainable development in all of its three dimensions (environmental, socio-cultural, and economic) and endeavours to apply its principles to the planning, organisation and legacy of the Youth Olympic Games.

The IOC is concerned that the Youth Olympic Games should be an exemplary event in this respect and that sustainable sound policies, programmes and practices be adopted. It is fundamental that from the beginning of the candidature to the post-Olympic period, all measures are taken to minimise or eliminate negative impacts on the territory hosting the Games whilst optimising the positive impacts and contribute to the harmonious integration of the Youth Olympic Games into the long-term development of the host city, region and country.

Collaboration

It is essential that, from the earliest stages of planning, a dialogue of cooperation is established with the government and non-government organisations in this respect. In addition to the technical aspects involved, the bid committee can send very positive messages through efforts in the field of sustainability.

Q 1.5

What would be the impact and legacy for your city/region of hosting the Youth Olympic Games?

Q 6.1

RELATIONSHIP WITH NOC MARKETING PROGRAMME

G

During the years leading up to the Youth Olympic Games, the marketing programme of the NOC of the host territory and the Youth Olympic Games-related marketing programme will overlap. There is therefore a need to agree on the division of responsibilities between the NOC and the YOGOC.

G

Enclose in your YOG Guarantees File one fully executed copy of an agreement between the NOC and the YOG Candidate City in your territory for the period beginning on 1 January 2015 through to 31 December 2018 including the following:

- Description of the marketing structure between the NOC and the YOGOC in the host territory for the above period
- Description of the management responsibilities
- Descriptions of the properties and rights and the repartition of their ownership and marketing management
- Description of the financial terms

Q 6.2

TOP PROGRAMME AND OTHER IOC MARKETING PROGRAMMES

G

The TOP programme is a world-wide sponsorship programme coordinated by the IOC, which affords to a limited number of multinational companies, on a four-year cycle, the highest level international Olympic marketing rights, based on exclusivity for a given product category.

G

Provide a guarantee confirming the YOGOC's unconditional commitment to respect and protect the TOP partners' and other IOC marketing partners' rights.

Q 6.3

PREPARING THE LOCAL MARKETPLACE BY DEVELOPING MEASURES TO PREVENT AMBUSH MARKETING

G

Provide (a) written guarantee(s) from the relevant government authorities confirming that the legislation necessary to effectively reduce and sanction ambush marketing (e.g. preventing competitors of Olympic sponsors from engaging in unfair competition), and, during the period beginning two weeks before the Opening Ceremony to the Closing Ceremony of the Youth Olympic Games eliminate street vending, control advertising space (e.g. billboards, advertising on public transport, etc.) as well as air space (to ensure no publicity is allowed in such airspace) will be passed no later than 1 January 2015.

Q 6.4

LOTTERY

G

Are there any plans for a lottery to finance the Youth Olympic Games (whether or not as part of the YOGOC marketing programme)?

If so, please outline the concept of such lottery.

What is the projected overall total lottery income and what would be the YOGOC's share?

What is the current legislation in place regarding lotteries in general and sports lotteries specifically?

Are there currently any sports lotteries on-going or under development that would compete with an eventual Youth Olympic Games-related lottery?

G

In the event that there are plans for a lottery to finance the Youth Olympic Games, provide (a) guarantee(s) from the relevant authorities, endorsing the proposed plan and securing revenue projections in case such revenue projections are not achieved.

Theme 7 → Sport

Overview

Aim

The programme of the Youth Olympic Games shall be composed of Olympic sports. The number of disciplines and events will however be limited and may be different to those on the Olympic programme.

The programme of the 3rd Summer Youth Olympic Games in 2018 may be chosen from the Nanjing 2014 programme, provided that the venues allow for it. All competitions must be held in the Host City and/or region. It is not an obligation to include all Olympic sports on the Youth Olympic Games programme – if, for example, no existing facilities exist within the YOG Candidate City for certain sports, a project may be presented with fewer sports.

A review of sports, disciplines and events will take place following each edition of the Youth Olympic Games, thus meaning that the overall list of events will only be completed three years ahead of the Youth Olympic Games in 2018. As such, the IOC reserves its right to choose a reduced number of sports/disciplines/events.

This section seeks to establish a YOG Candidate City's detailed plans for sport and competition venues, including the following elements:

- Competition schedule
- Competition venue identification and location
- Competition venue financing and works (if applicable)
- Competition venue use and ownership
- Competition venue responsibilities
- Tendering processes (if applicable)
- Meteorological information

YOG Candidate Cities are also requested to submit “photographic files” illustrating the venue(s) of the Youth Olympic Games.

Q 7.1

COMPETITION SCHEDULE

The programme of the 3rd Summer Youth Olympic Games in 2018 shall be established on the basis of the Nanjing 2014 programme, provided that the venues allow for it.

All competitions must be held in the Host City and/or region.

Based on the Youth Olympic Games Programme provided in the YOG Event Manual, use table 7.1 to indicate:

- **Dates and days of competition (by sport)**
- **Opening and Closing Ceremonies**

The following information contains important guidelines concerning the choice of venues:

IOC Guiding Principles – Venues X

Venues are a critical success factor for a Youth Olympic Games, in both financial and operational terms. It is therefore important that YOG Candidate Cities have a full understanding of venues, from planning through to permanent refurbishment (if applicable), temporary infrastructure, overlay, operations and retrofit.

Guiding principles:

- No new venues should be built (or only in exceptional circumstances). It is preferable to refurbish existing venues.
- Venues must meet requirements and be realistic with respect to the master plan of the Host City, resource efficiencies and post-Games legacy
- Venue planning should support the concept of sustainable development as it applies to the Olympic Movement in general, and to event infrastructure specifically (e.g. use of permanent versus temporary facilities, environmentally sensitive materials, systems, impact assessment, contract specifications)
- For venue selection:
 - All competition, training, Culture & Education and other venues must be located in the same city or region
 - CEP and training venues should be located as close as possible or within the YOYV to reduce travel times for athletes
 - The clustering and sharing of venues is encouraged for operational and financial efficiencies.

Theme 7 – Sport, Continued

Important note Although YOG Candidate Cities are requested to allocate specific sports to specific venues in theme 7, the IOC reserves the right to work with the eventual Organising Committee to modify this allocation, if required, in order to minimise the impact of hosting the Games.

Gross seating capacities Competition venue gross seating capacities are indicated in the Youth Olympic Games Event Manual.
These standards allow for flexibility to determine final venue gross seating capacities.

Q 7.2 VENUES

Use table 7.2 to list:

- All proposed competition venues
- Gross seating and standing capacities of competition venues
- All proposed training venues

Q 7.3 COMPETITION VENUE WORKS

G

Based on the templates provided in Part 3, complete tables 7.3.1, 7.3.2, 7.3.3 and 7.3.4, to include all competition venues, according to their state of construction:

Table 7.3.1	<u>Existing</u> venues, <u>no permanent works</u> required
Table 7.3.2	<u>Existing</u> venues, <u>permanent works</u> required
Table 7.3.3	If applicable and <u>by exception</u> , venues to be built as <u>new permanent structures</u> – specify if venues are planned to be built irrespective of the Youth Olympic Games or if they are additional venues required to host the Games
Table 7.3.4	Venues to be built as <u>totally temporary</u> venues

G

Provide guarantees for the financing of work from the relevant competent bodies and specifying for which venues.

Q 7.4

COMPETITION VENUE USE

“No form of advertising or other publicity shall be allowed in and above the stadia, venues and other competition areas which are considered as part of the Olympic sites. Commercial installations and advertising signs shall not be allowed in the stadia, venues or other sports grounds.”

Olympic Charter – Article 2, Rule 50

YOG Candidate Cities are required, via a guarantee from each venue owner, to secure use of venues and control of all commercial rights (e.g. in-stadium signage, catering and concessions signage and services, venue naming rights etc.) for the future YOGOC, in relation to existing and hereafter developed competition venues for the period the YOGOC has control of the venue, including any test events.

The guarantee must confirm that the YOGOC will have the possibility to rename and rebrand the venue for use during the Youth Olympic Games rather than using an existing name.

The agreement should also consider use of existing technology equipment such as scoreboards and video boards, use of venue staff and early access for test events, technology installations, commissioning, testing and fit-out.

Use table 7.4 to indicate for each competition venue:

- **Current use of venue**
- **Current ownership**
- **Guarantee status (competition venues only)**
 - **For use of venue/rental costs**
 - **For commercial rights**

Provide a written guarantee from each venue owner guaranteeing the following:

- **use of venue (including the period the YOGOC has control of the venue)**
- **rental costs (if applicable)**
- **control, to the YOGOC, of all commercial rights in relation to existing or hereafter developed competition venues (including but not limited to the terms and conditions listed in the “Clean Venue Appendix”) for the period the YOGOC has control of the venue, including any test events.**

Standard text provided for this guarantee in the model YOG Guarantees File.

Please note that, once elected as Host City, the YOGOC must develop a more detailed agreement with each venue owner, which is subject to approval by the IOC. Amongst other details, this agreement should consider the use of existing technology equipment such as scoreboards and video boards, use of venue staff and early access for test events, technology installations, commissioning, testing and fit-out.

Please also note that agreements to be developed between the YOGOC and all training venue owners once the Host City is elected must ensure control of all commercial rights (including but not limited to the terms and conditions listed in the “Clean Venue Appendix”).

Theme 8 → Culture & education and ceremonies

Overview

Aim

This section seeks to establish a YOG Candidate City's plans regarding culture & education and ceremonies associated with the sports competitions and celebrations surrounding the event. The culture and education programmes should extend to numerous activities and events for the athletes and participants to ensure that the blend of sport, culture & education expresses the true nature of the Youth Olympic Games.

In this section, an innovative and proactive approach is encouraged and expected from YOG Candidate Cities, linking with the motivation and vision expressed in Theme 1. Please note that the IOC will work closely with the YOGOC in the years leading to the Youth Olympic Games to draw up the culture & education programmes in accordance with IOC guidelines.

In the same manner as for competition venues (Theme 7), YOG Candidate Cities are required, via a guarantee from each venue owner, to secure use of venues and control of all commercial rights (e.g. signage, catering and concessions signage and services, venue naming rights etc.) for the future YOGOC, in relation to existing and hereafter developed Youth Olympic Games venues for the culture and education programmes for the period the YOGOC has control of the venue.

The guarantee must confirm that the YOGOC will have the possibility to rename and rebrand the venue for Youth Olympic Games use rather than using an existing name.

The agreement should also consider use of existing technology equipment such as conference and stage theatre technology installations, commissioning, testing and fit-out.

Answers

Answers should be concise and concrete and should address the substance of the question put forward.

Answers must respect the form required for each question, as described below. This aspect is essential for the analysis which the IOC will subsequently perform.

There are three types of answers:

- **Explanatory**: textual explanation.
- **Visual**: concrete information which allows rapid visual grasp and objective analysis of the context (e.g. tables, lists, photographic files and maps). When an answer has to be given using these elements, any attached explanation must be complementary and extremely brief.
- **Guarantees**: replies which require undertakings on the part of third parties. In the corresponding theme and question, indicate **whether or not** the Bid Committee has obtained the guarantee and **who** gave it. Include all original guarantee documents in the Guarantees Files. (See instructions in the Model Guarantees Files)

Templates for venue works and financing

As requested in themes 7, 8, 9 and 15, please use the following table templates to list and describe all Youth Olympic Games venues included in your project, according to their state of construction:

- Existing venues, no permanent works required
- Existing venues, permanent works required
- If applicable, and by exception, venues to be built as new permanent structures - specify if venues are planned to be built irrespective of the Youth Olympic Games or if they are additional venues required to host the Games
- Venues to be built as totally temporary venues

Indicate for each venue:

- **Financing**
 - An estimate of the cost (in USD 2012) of all the permanent work to be carried out
 - An estimate of the cost (in USD 2012) of all the temporary work to be carried out
 - The amount to be financed by the YOGOC (amount in USD 2012 figures and percentage of total cost)

N.B: In no such case may any recognition or marketing rights be granted to private entities that may be financing venue works.
